We are Blessed to live and work in the number one and two economies on earth, the USA & China, and the number one economy of Europe, Germany, where The Future of Medicine, Inc. is being born now. Our association and merging business interests are rooted on a faceted Global Cross Cultural Exchange enterprise known as The First Dragon, Ltd.

We are pleased to announce that the birth of our multi-cultural confederation is born in the Spirit of American Entrepreneurialism! Our actions as evidenced in the picture of our Leipzig gathering, how and why we arrived there, and ITM's global recognition as American Entrepreneurs and China Specialist -- our mutual and enthusiastically expressed interest to work with each other, validates it!
